Summary

Motivated undergraduate with a B.Sc. (Hons) in Applied Science from the University of Peradeniya, specializing in Computer Science related disciplines. Currently gaining hands-on industry experience as a Software Engineer Intern at Hela Apparel Holdings PLC, working with Angular, .NET, cloud services, and workflow automation. Strong foundation in full-stack development, API testing, and modern web technologies, with a passion for building scalable, user-centric solutions. Eager to contribute to a dynamic team, continuously enhance technical expertise, and grow as a professional software engineer.

Experience

Software Engineer Intern - Hela Apparel Holdings PLC *Sep 2025 – Present*

- Front-end development using Angular, including UI implementation and system integration.
- Back-end development with .NET for building scalable and secure services.
- API testing and validation to ensure reliable communication between services.
- Proposed and initiated the introduction of an enterprise social network (ESN) to improve internal communication.
- Developed workflow automation solutions using Power Apps and Power Automate.
- Worked with Microsoft Azure for cloud-based deployments and services.

Education

2021 Feb – 2026 Jan: B.Sc. (Hons) in Applied Science at **Faculty of Science, University of Peradeniya.**
Courseworks: Computer Architecture, Server-Side Programming, OOP, Image Processing, Database Management, Artificial Intelligence, Software Engineering, Design and Analysis of Algorithms

Projects

SK Electricals E-Commerce Platform (Web and Mobile Application) GitHub
Technologies: ReactJS, TailwindCSS, ExpressJS, MySQL, NodeJS

ClassMaster Tuition Class Management System (Web and Mobile Application) GitHub
Technologies: ReactJS, TailwindCSS, ExpressJS, MySQL, NodeJS

Smart Traffic Management System Using Image Processing Techniques in Python GitHub
Technologies: Python

My Portfolio (Web and Mobile Responsive Application) Vercel App
Technologies: NextJS, TailwindCSS, NodeJS

Skills

Technical Skills

- Programming Languages: C, Java, Python
- Frontend Web Technologies: HTML, CSS, ReactJS, NextJS, Tailwind CSS, Angular, Type Scipt, Java Script
- Backend Web Technologies: .NET, NodeJS
- Database Management Systems: MySQL, MongoDB, PostgreSQL,Azure
- Automation and Testing Tools: Postman, Selenium, Playwright
- Version Control: GitHub
- Project Management & Issue Tracking Tools: Jira, ClickUp
- User Interface Designing: Figma
- Productivity & Collaboration Tools: MS Office, Dropbox, G Suite

Languages

- Sinhala (Native)
- English (Fluent)

Soft Skills Teamwork, Problem Solving, Adaptability, Creativity, Time Management

Involvements

- Former Vice President – Buddhist Brotherhood Association, Faculty of Science, University of Peradeniya
- Former Web Master,Committee Member – Society of Industrial Relations & Entrepreneurship Development, Faculty of Science, University of Peradeniya
- Former Junior Treasurer – Buddhist Brotherhood Association, Faculty of Science, University of Peradeniya
- Former Event Organizer – Himalayan Sub Committee, University Explorer's Club, University of Peradeniya
